## Background

DJS Financial Services provides superior contract, acquisition, IT, administrative and facilities management support through the highest quality services, talented staff, and impactful client relationships.

DJS began with two Air Force Contract Specialist veterans and a single vision: to create a better government contracting space with high standards of service delivery and clear communication. Founders Douglas Janney and Joseph Sawyer began DJS in 2013, putting to work decades of experience gained abroad and at home. They've since established themselves as the go-to authorities in acquisition and contract management.
